Based on this approved remediation plan, the District Magistrate has instructed all concerned departments to submit the financial approval note for the tendering process.

3. Based on the direction of District Magistrate (DM), individual departments had submitted the financial approval note. The financial approval note is presently pending at the DM office for approval. The approval process is getting delayed due to enforcement of moral code of conduct for State assembly elections of Rajasthan.

4. However, HZL-Rampura Agucha Mines (Unit) being a sustainable mine and having always regarded the community as its prime and most valuable stakeholder, the Unit continued with its Corporate Social Responsibility (CSR) activities and has implemented and continues to implement various projects in and around the Unit for improving the quality of life and social strata of the nearby communities. HZL CSR Projects at RAM location is benefiting communities by implementing meaningful, impact-driven initiatives on ground. It symbolises the success of our efforts to ensure holistic and inclusive growth, which encompasses the community.

5. We have centred our CSR efforts on strengthening the local economy and improving the overall quality of life. We have been working actively at Agucha location in the areas of Education, Sustainable livelihood, Healthcare, water sufficiency and Skill development, Environment, Women Empowerment, Sports & Culture. We have established a significant presence in these areas, as an organisation making a positive difference to lives of surrounding community.

Impact of CSR projects -

- Enhancing the local economy through implementation of sustainable livelihood practices
- Evolving strong grassroot institutions and promoting microenterprises both at the collective and individual levels
- Improving the quality of life in the communities through lifecycle approach in education and development of model villages
- Promoting safety within communities through cadre development

6. We have tremendous faith in the strength of our relationships and the durability of our bonds with communities in our operational areas. We believe these connections are vital to steer the implementation of our plans and programmes, especially in the CSR domain. We thus continue to nurture our community relations, which we view as a pillar of our stakeholder relationships. We have established a foundation of trust, honesty, care, respect, transparency and integrity as the roots of our community relations. Based on the continuum and convergence paradigm, that enables last-mile impact delivery to each member of the community, through distinct business drivers for each programme and evidence-based impact

7. The details of various CSR projects implemented in FY 22-23, refer to annual report published in HZL website <https://integratedreport.hzlindia.com/investing-in-overall-community-development.php>.

8. HZL has also ensured compliance with the Hon'ble NGT Orders dated 02.02.22 in OA 226/2020, and 29.03.22 and 14.11.2022 in RA no. 06/2022 by taking all relevant actions in a timely manner.
