Hindustan Zinc Limited

Production release for the Second Quarter and Half Year ended September 30, 2024

Udaipur, October 2, 2024: Hindustan Zinc Limited today announced its production numbers for the second quarter and half year ended September 30, 2024.

“Highest ever second quarter mined & refined metal production”

A. Mined & Refined Metal (Consolidated)

Particulars (In '000 tonnes, or as stated')	2Q			1Q		1H		
	FY25	FY24	% Change	FY25	% Change	FY25	FY24	% Change
Mined Metal	256	252	2%	263	(2%)	519	509	2%
Saleable Metal	262	241	8%	262	-	524	501	5%
- Refined Zinc ¹	198	185	7%	211	(6%)	409	394	4%
- Refined Lead	63	57	12%	51	23%	115	107	7%
Silver (in tonnes)	184	181	2%	167	10%	350	360	(3%)
Silver (in mn ounces)	5.9	5.8	2%	5.4	10%	11.3	11.6	(3%)

1. Includes 2.5kt, 0.5kt & 3.0kt of metal production from Hindustan Zinc Alloys Private Limited (100% subsidiary of HZL) in 2QFY25, 1QFY25 & 1HFY25 respectively.

2QFY25

Mined metal production in second quarter at 256kt, up 2% YoY, driven by higher ore production at Zawar Mine partly offset by lower mined metal grade at SK Mine. It was down 2% sequentially mainly due to lower overall mined metal grades.

Refined metal production in second quarter at 262kt, higher by 8% YoY and flat sequentially in line with plant availability. Refined zinc production at 198kt, up 7% as compared to 2QFY24 and down 6% sequentially. Refined lead production at 63kt, up 12% as compared to 2QFY24 and up 23% sequentially on account of pyro plant operations on lead mode during this quarter.

Saleable silver production at 5.9 moz, up 2% YoY. It was up 10% sequentially on account of pyro operations on lead mode during this quarter partly offset by lower silver input from SK Mine.

1HFY25

Best-ever mined metal production in first half year at 519 kt, up 2% YoY with higher ore treatment & overall improved mined metal grades.

Refined metal production at 524 kt, up 5% YoY in line with plant availability. Refined zinc production was at 409 kt, up 4% YoY & refined lead production at 115 kt, up 7% YoY.

Saleable silver production at 11.3 moz, down 3% YoY on account of lower silver input from SK Mine.

B. Wind Power

Particulars (In million units)	2Q			1Q		1H		
	FY25	FY24	% Change	FY25	% Change	FY25	FY24	% Change
Wind Power	129	157	(18%)	108	19%	237	278	(15%)

Wind power generation for 2QFY25 was 129 MU, up 19% sequentially & down 18% YoY, in line with wind velocity & seasonality impact.

About Hindustan Zinc

Hindustan Zinc Limited (BSE: 500188 and NSE: HINDZINC), a Vedanta Group company, is the world's second-largest integrated zinc producer and the third-largest silver producer. The company supplies to more than 40 countries and holds a market share of about 75% of the primary zinc market in India. Hindustan Zinc has been recognized as the world's most sustainable company in the metals and mining category by the S&P Global Corporate Sustainability Assessment 2023, reflecting its operational excellence, innovation, and leading ESG practices. The company also launched EcoZen, Asia's first low carbon 'green' zinc brand. Produced using renewable energy, EcoZen has a carbon footprint of less than 1 tonne of carbon equivalent per tonne of zinc produced, about 75% lower than the global average. Hindustan Zinc is also a certified 2.41 times Water-Positive company and is committed to achieving Net Zero emissions by 2050 or sooner. Transforming the lives of 1.9 million people through its focused social welfare initiatives, Hindustan Zinc is among the Top 10 CSR companies in India. As a world leader in the metals and mining industry, Hindustan Zinc is pivotal in providing critical metals essential for the global energy transition for a sustainable future.

This press release contains "forward-looking statements" – that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future businesses and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behavior of financial and metals markets including the London Metal Exchange, London Bullion Metal Association, fluctuations in interest and/or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results and/or business operations to be materially different than those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements and investors should take their own decisions.
