## Media Statement

**09<sup>th</sup> July 2025**

The Viceroy research group report on Vedanta – Limited Resources, published on 09 July 2025, is a malicious combination of selective misinformation and baseless allegations to discredit the Group. It has been issued without making any attempt to contact us with the sole objective creating false propaganda. It only contains compilation of various information - which is already in the public domain, but the authors have tried to sensationalise the context to profiteer from market reaction.

The timing of the report is suspect and could be to undermine the forthcoming corporate initiatives. Our stakeholders are discerning enough to understand such tactics. In fact, to avoid any responsibility – authors of the report have added various disclaimers that the report has been prepared for educational purposes only and expresses their opinions and are not statements of fact (page 7).

We remain focused on the business and growth, and request everyone to avoid speculation and unsubstantiated allegations.
