Rajasthan's Growth Catalyst

Fostering Progress & Prosperity

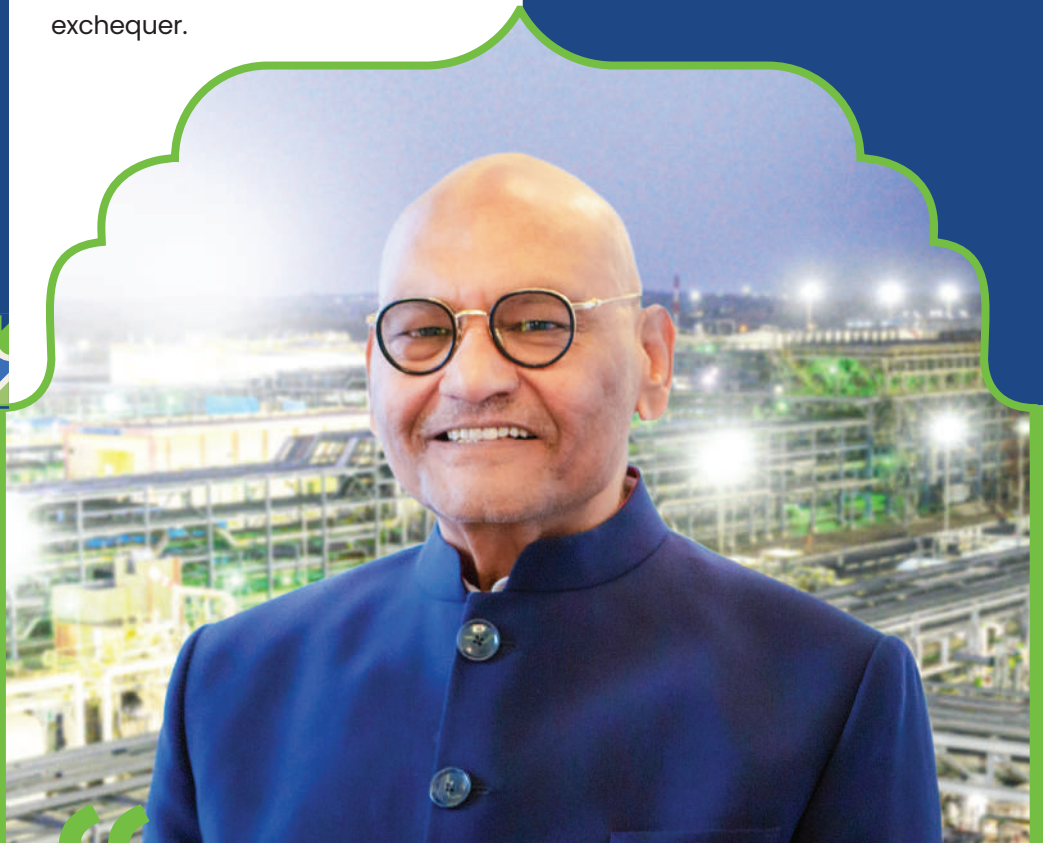

HINDUSTAN ZINC
Zinc & Silver of India

Leading conglomerate in natural resources utilising technology for operational excellence to leverage the potential of Oil & Gas, Zinc and Silver, paving the path for an aatmanirbhar state and nation. As we continue transforming for good, Vedanta ranked highest in the global ESG practices, DJSI scale by S&P Global and is the highest contributor to Rajasthan's exchequer.

**Contributed
INR 13,854 Cr
to Rajasthan's
GDP in FY23**

**Transformed
4.21 Cr lives
and
employed
over 46K
people with
2/3rd being
the locals of
the state**

“

Dharti Ka Vardaan! The land of Rajasthan is blessed with natural resources like crude oil, zinc and silver. Vedanta is utilising these resources in the most sustainable way to bring socio-economic development to the state.

”

Anil Agarwal
Chairman, Vedanta

Aligned with the global SDGs

In the heart of Rajasthan, Vedanta leads in sustainable progress, pioneering environmental stewardship. Our vision: Progress and preservation coexist, leaving a profound legacy for Rajasthan and its people.

“Rajasthan is synonymous to heroism, craft, entrepreneurship, and rich biodiversity.

Rajasthan is our ***'Karma Bhoomi'***. It is a matter of pride, that both our businesses in Rajasthan are shining examples of environment stewardship alongside growth.

Cairn & HZL are both water positive and working dedicatedly towards the Vedanta Group's 2050 Net Zero targets.

Today, Hindustan Zinc is the first mining company in the country to introduce battery operated vehicles in underground mining. Furthermore, through our community driven initiatives, Cairn brought ***'Meetha Paani'*** to Barmer by

installing 124 RO plants of 1-2 kiloliters per hour capacity under the ***Jeevan Amrit*** Project.

In an endeavor to encourage sports, we also have a state-of-the-art Football Academy in Udaipur, and are supporting the development of India's 2nd largest cricket stadium in Jaipur, which as most cricket lovers would know will be larger than Lords & Oval combined.

As we continue our work in Rajasthan, we hope to contribute to achieving the state's social development goals and will be a part of India's growth story.”
