Creating a healthier
work environment

Mr. Arun Misra

CEO, Hindustan Zinc

“

I have always believed that Change begins at Home and even a small group of thoughtful and informed people can raise a voice that can be heard around the world. I am proud of how you all are spearheading sustainability initiatives at Hindustan Zinc that reflects in our approach towards business, efforts in reducing environmental impact and how we are adding value for all our stakeholders. Sustainability is an integral part of our business and we have continuously been striving to create a positive long-term impact on Environment and taking the initiatives which help in restoring the Ecosystem. We have been working towards developing green belts, reducing GHG emission, creating safe jobs, and making operations more sustainable. I look forward to continuing working collaboratively to find innovative ways to lead and support initiatives that lead to growth, safety of our people and needs of our communities.

Warm Regards,

Arun Misra
CEO-Hindustan Zinc

ZINC ECO-BUDDIES: YOU CLICK, WE PLANT

GREEN LIFE

We believe that each one of us can make a difference and be a part of building a greener tomorrow. On World Environment Day, we at Hindustan Zinc launched a unique green drive - Zinc Eco Buddies. This is an initiative that offers a simple & innovative solution to give all of us an opportunity to contribute to a greener future. The process is simple, effective and free of cost. All it requires is for one to go to the Zinc Eco-buddies microsite register and click to plant a tree and the company will plant a sapling on-ground on their behalf.

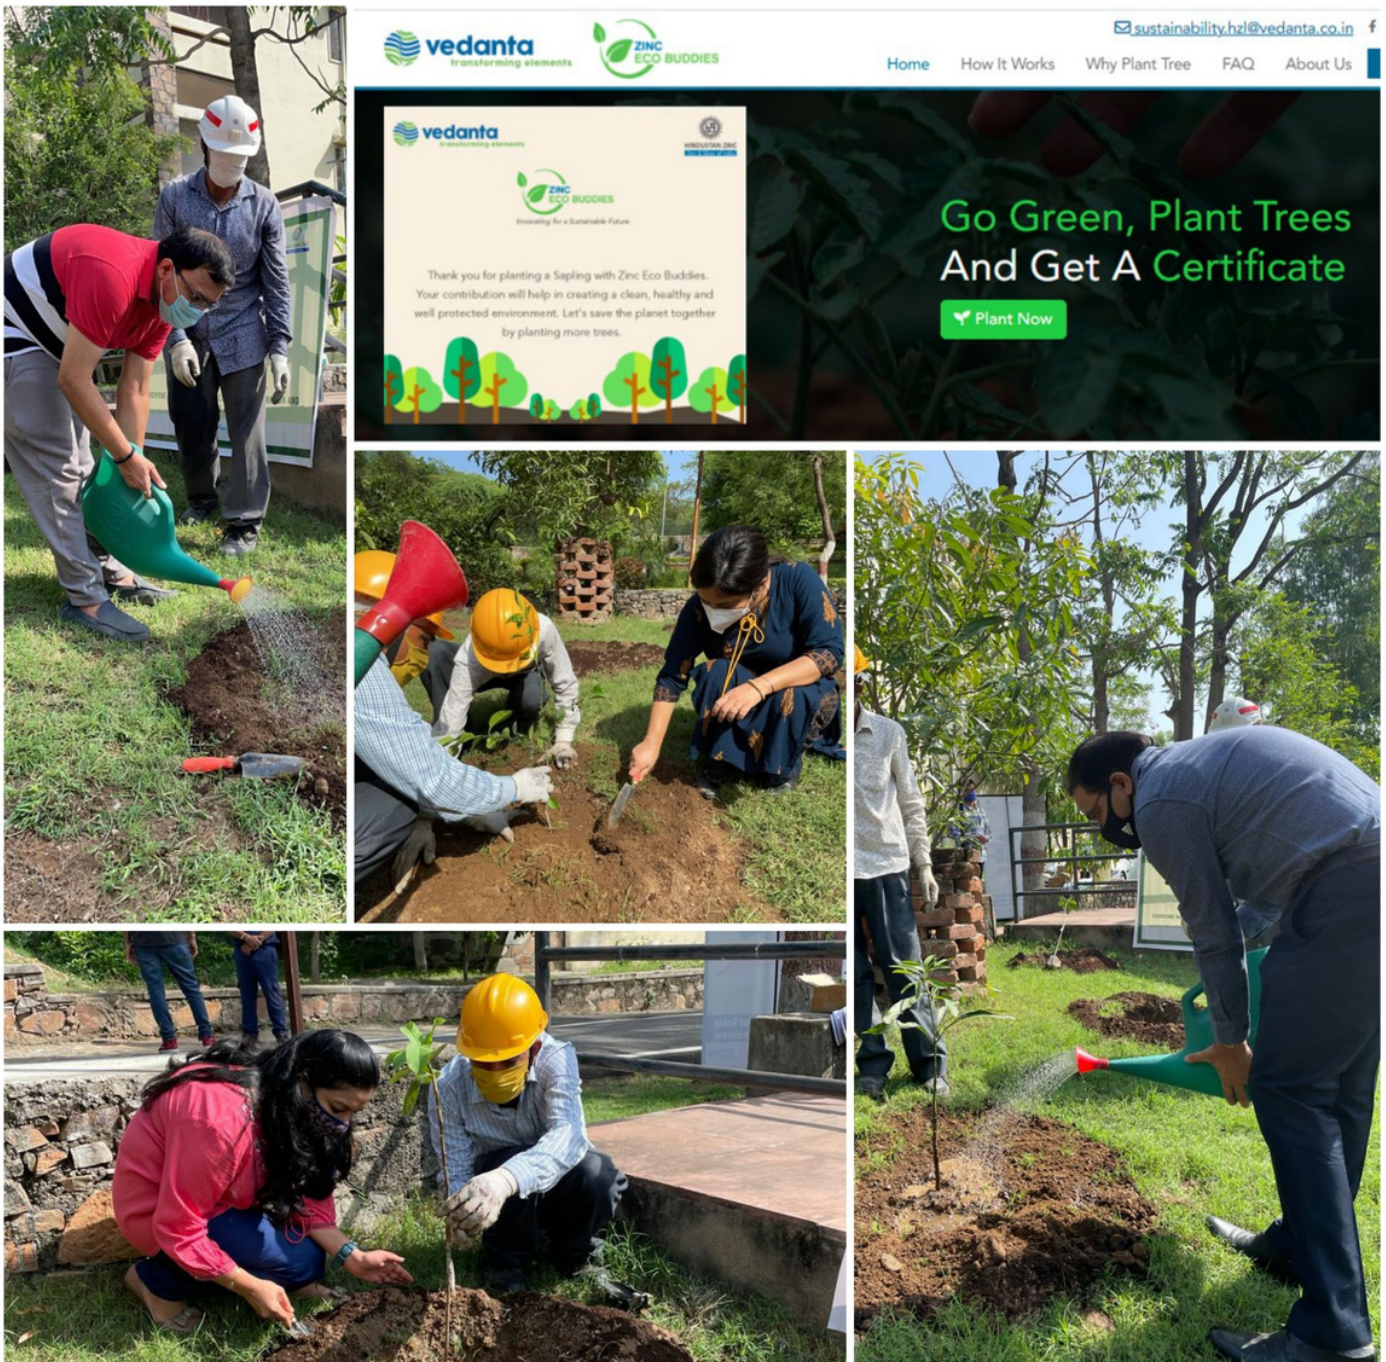

[Click Here to be an Eco Buddy!](#)

The campaign is a step to combat climate change & desertification and a building block to protect, promote and restore sustainable use of terrestrial ecosystems. Consequently, achieving the Sustainability Development Goals the company has set for itself. We aim to plant 1 lakh trees through this initiative as a part of company's vision of 1 million plantation by 2025.

Requester will get an acknowledgement mail/SMS and an e-certificate of participation in this initiative. Also, once the plant will be planted on ground, s/he will be updated periodically on the growth of his/ her plant. Also, through the Geo tagging, s/he can visit the plantation area through Google Earth or any Map App.

The saplings planted will be native species and drought tolerant in nature. With this, the company aims for the community to come together and give back to nature. The campaign is a step to combat climate change and desertification and a building block to protect, promote and restore sustainable use of terrestrial ecosystems. Consequently, achieving the SDG's the company has set for itself.

ENVIRONMENT DAY CELEBRATION

CARING FOR ENVIRONMENT

We celebrated World environment day across all our locations through multiple initiatives together with our different stakeholder groups.

Zawar

Our Sakhi women along with the SBU Director of Zawar, Kishore Kumar planted saplings at the Government Sr. Sec. School, Singhatwada. The drive also had farmers from the Samadhan team joining virtually along with all employees at the unit. Students from Shiksha Sambal team participated in Poster making and creative utilization of waste competition.

Kayad

Our teams along with local communities celebrated the day with multiple initiatives including sessions on making bags and Earth Mask, Quiz round, a unique Collage Creation with natural products, and a slogan writing competition under Shiksha Sambal project.

Chanderiya

Plantation program at court complex where District Collector, District Magistrate along with other judiciary officers and District Forest officer proactively shared their experience and thoughts. At Chanderiya Skilling Centre- Poem Recitation and poster making competitions ensured huge participation to celebrate the World Environment Day.

Agucha

The team partnered with local students to distribute 150 plants in Government schools and spread the message of tree plantation. A virtual training program was also organized for SEDI students by the unit's Environment team to create awareness.

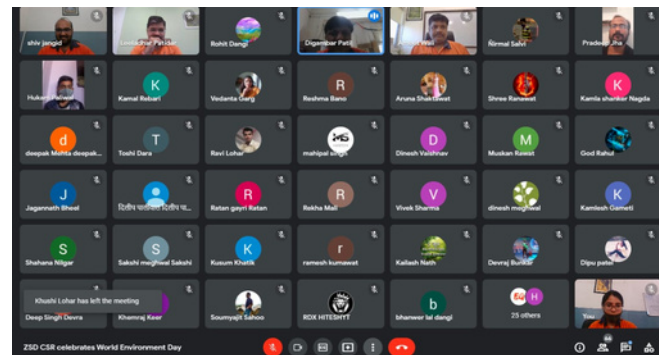

Dariba

The unit actively organized a series of plantation drives across villages like Malikheda and Railmagra and at our Vocational Training Centre (VTC) along with our business partners and local officers. The Dariba SEDI team along with trainees celebrated the day with multiple activities and competitions

Debari

World Environment Day celebrations at Debari did some out of box thinking and along with students of Classes 9-12 of 15 Govt. schools did a unique session where employee volunteers taught youngsters all about carbon footprints, ecosystem and discussed how we can reduce our carbon footprints.

Pantnagar

Our team at Pantnagar celebrated World Environment Day enthusiastically by participating in quiz competition and photography along with a plantation drive. A webinar on ecosystem restoration by IUCN was also organized to help the delegates understand ways in which they could contribute towards restoring the environment

SUSTAINABILITY IS AT THE HEART OF OUR OPERATIONS

CARING FOR ENVIRONMENT

Hindustan Zinc is driving a robust Sustainable Development Plan for 2025 that is strongly aligned to United Nations Sustainable Development Goals (SDGs). We are focusing on reducing GHG emissions, partnering with suppliers focused on sustainability standards, reducing dependency on freshwater, moving towards zero waste to landfill, improving the livelihoods of one million people and increasing diversity and inclusion in the workplace. We have made bold commitments to cut direct carbon emissions by at least 14% and reduce indirect emissions by another 20% from 2017 levels by 2026-27.

40%

OF WATER CONSUMED IN OUR OPERATIONS IS RECYCLED WATER

71,87,390

M3 IS THE FRESH WATER SAVED DUE TO USE OF SEWAGE TREATED WATER

76,484

T CO2 E REDUCTION BY TAKING ENERGY PROJECTS

OUR SUSTAINABILITY GOALS:

Positively impacting

1MN

lives through social, economic and environmental outcomes

3x

Increase in gainful utilisation of smelting process waste

0.5MN tCO₂e

GHG emission savings in our operations from base year 2017

30%

Diversity in an Inclusive and diverse workplace

5x

Water-positive company and achieve 25% reduction in freshwater consumption

PROTECT AND ENHANCE BIODIVERSITY

Throughout the life cycle

ZERO

Work-related fatalities and 50% reduction in TRIFR

100%

responsible sourcing in the supply chain

We have increasingly been using technology for the automation of processes and have started integrating technologies across the value chain to reduce waste, increase resource efficiency and drive-up productivity while promoting the harnessing of renewable energy sources.

WATER STEWARDSHIP

- We are demonstrating our commitment for water stewardship by using water efficiently, maintaining water quality and engaging with communities to collaboratively manage a shared water resource throughout the life cycle

A WATER-POSITIVE ENTERPRISE

- Hindustan Zinc is a certified 2.41 times water-positive company
- We strive towards reducing our fresh water consumption and ensuring availability of water to both nearby communities and across our operations

SEWAGE TREATMENT PLANT (STP)

- We built Udaipur's first Sewage Treatment Plant (STP) in Public-Private-Partnership
- We use this treated water to run our operations
- 7187390 m³ is the fresh water saved due to use of sewage treated water in our operations at Dariba, Debari and Chanderiya location

DRY TAILING PLANT

- India's first dry tailing plant, which will recover up to 90% of the process water and reduce land requirement for storage

SAFE DRINKING WATER FOR COMMUNITIES

- 13 RO plants and 39 water ATMs have been setup across villages in operational areas
- Pure water is supplied to the 4500 families in 52 hamlets

LEADERS IN ENERGY & CLIMATE CHANGE MANAGEMENT

- Ranked first in the Asia-Pacific region and Seventh globally in the metal and mining sector by the Dow Jones Sustainability Index
- We are amongst the only 4 companies in India and 2 metal and mining companies globally to be part of The CDP climate change 'A List' 2020.
- Actively participating in shaping the agenda for COP26 , member of COP 26 business leaders working group

GREEN ENERGY - WIND AND SOLAR POWER PLANTS

- Produced solar power of 83.43 million units, waste heat energy of 203.13 million units and wind power of 362.93 million units. We reduced 5,51,695 MT of CO2 through green power
- All our Wind and Solar Projects have been also registered under Gold Standard

PATENTED PAVER BLOCKS

- Hindustan Zinc has been granted US patents for manufacturing Paver Blocks from process waste
- The technology produces greener products that have a lower cost of production than conventional method while also conserving natural resources

BIODIVERSITY CONSERVATION

- Member of the IUCN Leader for Nature (LfN) India initiative and are committed to enhancing and restoring biodiversity
- We have already planted over 1.5 million trees and are committed to planting another 1 million by 2025

PUSH FOR ZERO-EMISSION

- We are the first company to have taken a step towards introduction of Battery Electric Vehicle (BEV) in underground mining for Zero Emission and Sustainable Mining

CARING FOR COMMUNITIES

SANITIZATION

HHealth, safety and well-being of employees and communities have always been the top priorities at Hindustan Zinc. The company has extended help to local panchayats and district administration by sanitizing 149 villages in and around its operational areas with hypochlorite solution.

Hindustan Zinc provided an insulated vaccine van to the Udaipur district medical health office to support a smooth vaccination drive. In addition, the company has extended support to the Local Health Administrations by disinfecting villages by spraying & fumigating with Sodium Hypochlorite solution and providing medical gears like masks, sanitisers & Personal Protective Equipment (PPEs).

HINDUSTAN ZINC HANDS OVER 500 OXYGEN CONCENTRATORS TO HON'BLE CHIEF MINISTER OF RAJASTHAN TO FIGHT COVID-19

LIFE SAVER

In the fight against COVID-19, Hindustan Zinc has imported and delivered 500 oxygen concentrators to the state in order to address the scarcity of oxygen in Rajasthan hospitals. A virtual programme was held where the Oxygen Concentrators were handed over to Hon'ble Chief Minister of Rajasthan - Shri Ashok Gehlot by Hindustan Zinc, in the presence of Vedanta Group Chairman - Shri. Anil Agarwal, Vedanta CEO - Shri. Sunil Duggal, and Hindustan Zinc CEO - Shri. Arun Misra.

During the ceremony, the district administrations of Ajmer, Bhilwara, Chittorgarh, Rajsamand, and Udaipur received the first batch of 200 oxygen concentrators. Those whose saturation levels vary between 88 and 92 during respiratory distress will benefit from these oxygen concentrators. It could be one of the solutions to the shortage of oxygen beds in hospitals or elsewhere.

MEGA VACCINATION PROGRAM FOR EMPLOYEES, BUSINESS PARTNER EMPLOYEES AND FAMILIES OF HINDUSTAN ZINC

VACCINATION

A COVID-19 mega vaccination campaign has been initiated across location for all employees, their families, and business partners as part of our guiding principle of care and commitment to guarantee the health and well-being of our people.

Over 20,000 employees, their families and business partners have been vaccinated so far in our units at Ajmer, Bhilwara, Chittorgarh, Rajsamand, and Udaipur.

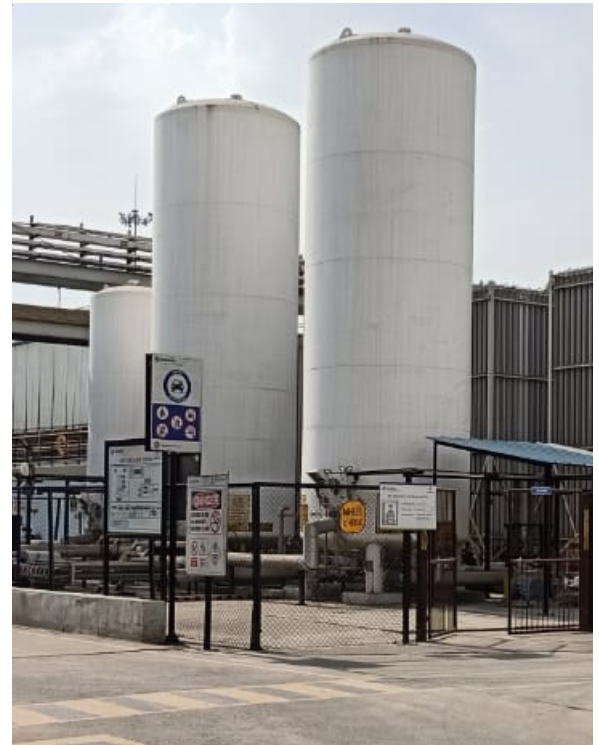

BREATH OF LIFE

Hindustan Zinc sets up Oxygen Plant at Rajsamand

OXYGEN SUPPORT

We stepped up and put all our efforts to ensure support to local administration to fight the oxygen challenge. We dedicated our entire supply of oxygen from our plant in Rajsamand to the Rajasthan government and local authorities. In a record time of 5 days, we set up an oxygen bottling plant at Dariba (Rajsamand district). Since then the plant has supplied over 13,000 cylinders of medical oxygen.

Apart from this, we also supported the local authorities with an additional ~239 MT of liquid oxygen, providing a total of ~369 MT of oxygen till date. The company is committed to a constant supply of ~10 MT of oxygen daily in liquid and cylinders.

GROUP CORONA KAVACH POLICY FOR BUSINESS PARTNERS BY HINDUSTAN ZINC

INSURANCE

Group Corona Kavach Policy for contract workforce has been introduced by Hindustan Zinc against COVID 19 across our locations in Rajasthan and Uttarakhand.

The wellbeing & safety of our people are a top priority for us at Hindustan Zinc and we give strong emphasis on people-centric policies. The company strongly believes that our business partners play an equally important role in the growth of the organization along with employees and are part of our extended family. The Group Corona Kavach policy for contract workers, covering more than 25800 contract workforces is part of our value of caring and giving back.

"I appreciate the support that Vedanta has been providing under the leadership of Anil Agarwal ji. In today's circumstances, the coronavirus infection situation in the state has been controlled to a great extent with the joint efforts of government and private sectors like Hindustan Zinc and Cairn. These 500 concentrators, oxygen plant & cylinders, vaccination van, hospitals and medical equipment provided to us by you & your team for the communities in the time of need will aid in our fight against this pandemic. I am also happy to know that you would want to volunteer in helping us to conduct a vaccination drive in Rajasthan. We are looking forward to continue working closely with you & your team".

- Shri Ashok Gehlot, Hon'ble CM of Rajasthan

"I am deeply concerned about the impact that the second wave of Covid-19 has created in our lives and around us. Vedanta group stands firmly with our people and the government in these difficult times and we are committed to extending all our support across the nation in this fight against the pandemic. Rajasthan has always been extremely close to my heart and through Hindustan Zinc and Cairn India, we will continue to ensure that oxygen and hospital beds are made available and supplied on priority from our units to the administration. Our teams on-ground will continue to extend aid to the state, and I believe that we will collectively overcome this crisis."

- Shri Anil Agarwal, Chairman, Vedanta Resources

"We are supporting all state & district administrations during these challenging times. In Rajasthan, we are confident that with the setting up of the oxygen plant, supply of oxygen concentrators, setting up Covid care facilities, Hindustan Zinc will be helpful in easing the pressure on existing resources and lend a hand to saving precious lives. We stand in solidarity with the Hon. CM's efforts during this second wave of the pandemic."

- Mr. Sunil Duggal, Group CEO & Chief Safety Officer, Vedanta

"We at Hindustan Zinc have been actively supporting the state government and our local communities across Rajasthan with various COVID relief measures that include providing an insulated vaccination van, medical equipment, RTPCR testing machines, regular sensitization & sanitization of villages, building multi-bed, fully equipped field hospitals and a continuous supply of both liquid oxygen as well as refilling O2 cylinders. We believe that together we can overcome this pandemic and these oxygen concentrators will bring further relief to patients in their fight against COVID-19"

- Mr. Arun Misra, CEO, Hindustan Zinc

"On AAC's behalf and indeed my own behalf, I highly commend Hindustan Zinc for this immense and timely introduction of a Covid19 group insurance. I'm happy to note the kind of moral boost and confidence it has brought among the entire workforce. An excellent step, showing how much HZL cares for its people."

- Mukaya Simubali, Executive Director, AAC Mining Executors India

इस मशीन के बाद 300 जांच प्रति दिन की क्षमता बढ़ेगी, जिससे कोविड जांच की रिपोर्ट उसी दिन देना संभव हो सकेगा। हिन्दुस्तान जिंक द्वारा दिये गये इस सहयोग के लिए प्रशासन की ओर से विषम परिस्थिति में सहयोग के लिए सराहना करते हुए कहा कि जांच में बढ़ोतरी होने से एक दिन रिपोर्ट मिलने से संक्रमण में बचाव और रोगियों को राहत मिल सकेगी। शिग्र ही एक आरएनए एक्सेटेशन मशीन भी हिन्दुस्तान जिंक द्वारा दिया जाना प्रस्तावित है जो कि बहुत ही सहायक साबित होगी।

- ताराचंद मीणा,
जिला कलेक्टर, चित्तौड़गढ़

"I express my sincere gratitude to HZL for setting up a dedicated 100 bed COVID hospital in Dariba which will be fully equipped with ventilators and other important medical instruments. It will help the underprivileged section of society in getting the quality treatment and thus be a great service to humanity in this era of crisis."

- Mr. Arvind Poswal, District Collector, Rajsamand

"हिन्दुस्तान जिंक द्वारा दी गयी आरटीपीसीआर मशीन की स्थापना से सैम्पलींग में राहत मिलेगी और भार कम होगा। संभावित रोगियों को जल्दी रिपोर्ट देने से समय पर उपचार मिल सकेगा। हिन्दुस्तान जिंक द्वारा समाज को सहयोग देने के लिये किये गये इस पुनीत कार्य हेतु साधुवाद।"

- डॉ दिनेश वैष्णव, प्रमुख चिकित्सा अधिकारी सांवलिया जी राजकीय चिकित्सालय

"During such time of distress, Hindustan Zinc has helped our communities with a daily supply of 500-600 cylinders in hospitals of six districts of Rajasthan. With this help, we are ensuring that there is no shortage of oxygen under any emergency situation. It is commendable how the team worked on this plant with a quick turnaround of five days to support with a dedicated and no cost oxygen supply."

-Mr. Sahiram Vishnoi, General Manager - District Industrial Centre Rajsamand

I would like to thank the Management for providing continuous support to me & my family while we were positive. From SBU Director to Medical Staff, everybody checked in on us daily. The Covid-19 Support Cell did a commendable job & made everything available to us at our doorstep. Post recovery, special sessions on breathing exercise etc. were also organized for us which were extremely helpful. My family & I feel truly blessed to be a part of RAM Family where every individual is treated with so much care & dignity".

- KK Sharma, Head - mechanical, Mill, RAM

"हिन्दुस्तान जिंक द्वारा पूर्व में भी कोविड राहत के लिए किये गये प्रयास सराहनीय है हम आशा करते हैं कि इसी प्रकार हिन्दुस्तान जिंक द्वारा राहत एवं बचाव हेतु सहयोग जारी रहेगा।"

- गुलाबपुरा उपखंड

KNOW YOUR COLLEAGUES

CREATING A HEALTHIER WORK ENVIRONMENT

DR. SALMA SHAH

CHIEF MEDICAL OFFICER

Q: What inspires you?

A: The ability to comfort my patients and relatives, when they are facing medical challenges, and reaching out to me, because they trust me to guide them with some of life's tough situations

Q: An incident that you feel was a turning point in your life

A: I could not clear medical entrance test in first attempt, under my parents insistence and guidance I gave a second attempt and got through. I realized success does not mean clearing exams in first attempt but success is the ability to face failures and having the courage to face difficult situations

Q: What does innovation mean to you?

A: Being creative and original in your work and thinking, learning from your mistakes

Q: Which is your favorite leisure activity?

A: I love reading and cooking. Both activities have been hard to keep up with the pressures of pandemic.

Q: What is your mantra for success?

A: Being Humble with a positive attitude. Willing to help in any situation.

Q: A habit/culture that you would like to foster around you?

A: A touch of humanity in our interactions with patients and within employees. And emphasis on a healthy lifestyle.

Q: What is the goal that you have set for yourself as CMO?

A: It is to provide quality medical services to all my patients, not just give medicines but to explain what changes will provide a better outcome and quality of life. This involves working with all other hospital facilities in Udaipur, other cities and arranging top class medical care, affordable for patients yet cost effective for the company.

Q: A message for our readers

A: Be positive and listen to science. Do not believe in all the conspiracy theories. Vaccines and Medicine are greatest innovations of human race. Heeding its wisdom will lead to a positive outcome for our community, company and nation as a whole.

THE CLICHED QUESTIONS

Q: If you were stranded on an island what 3 things will you want with you?

A: A positive attitude with the ability of keeping calm, a good book, and of course a bag of medicine being a doctor.

Q: Favorite Movie/ actor/ song

A: Pakeezah/ Amir Khan/ Lag jaa galeh from Woh masai kaun thi

Q: Biggest fear

A: Fear of losing my loved ones and being stranded on an island 😊

Q: Favorite destination

A: Masai Mara Safari in Kenya, and Amsterdam

Q: If you could have any superpower, what would it be?

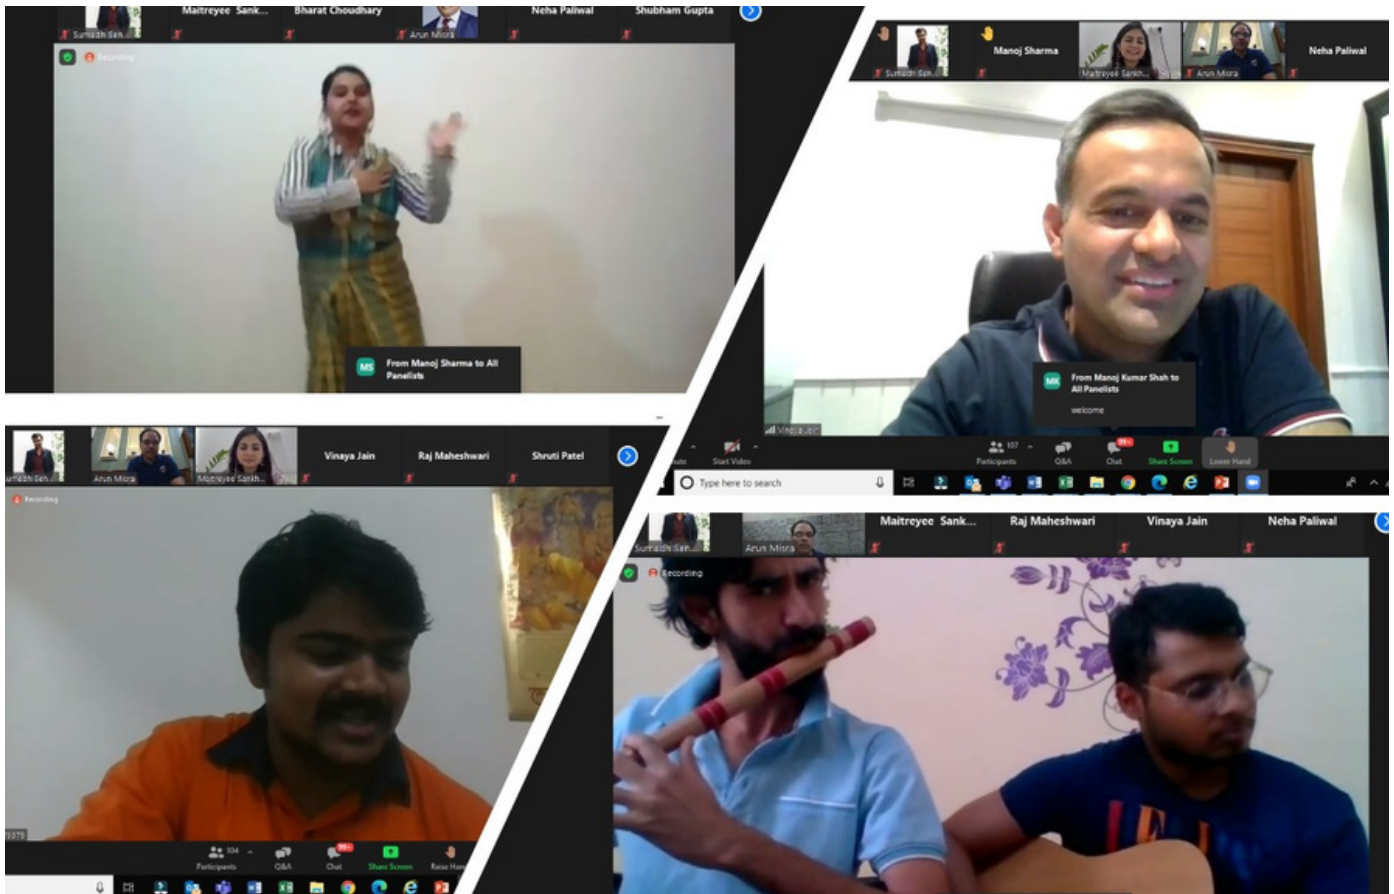

A: Healer. To take away the pain and the anxiety.

A VIRTUAL EVENING WITH EMPLOYEES TO SPREAD SMILES... Employees and families connected to enjoy stellar performances by fellow employees

ZINC PARIVAAR

At Hindustan Zinc, people are at the heart of operations and are among the most important assets that constitute the organization. During these distressing times, when many people often struggle with their circumstances at a personal level, the company ensured support to them by providing the best medical facilities, flexible work cultures, term insurance policy and vaccination to keep them safe. We looked beyond work and added a new dimension to the efforts towards engaging and motivating our colleagues and organized a one of its kind virtual cultural program for employees & their families.

With the lockdown restrictions confining employees to work from home, the regular office teatime chit chat and those evening gossip sessions were being solely missed. So, we got together and had an informal, fun-filled Sunday evening sharing good memories and some great performances that led to a lot of informal bonding time with each other virtually. This 2-hour program witnessed mesmerizing performances from employees of all age groups showcasing their talent and entertaining colleagues.

HINDUSTAN ZINC ACCREDITED WITH GREAT PLACE TO WORK CERTIFICATION

MATTER OF PRIDE

Hindustan Zinc has been certified as a Great Place to Work organization in India by Great Place to Work® Institute. This certification recognizes HZL (full form)'s work towards building an organization of a High-Trust and High-Performance Culture. The company has undertaken extraordinary steps to ensure all preventive and pre-emptive measures related to employee safety. In addition, the company has always been at the forefront of adopting, innovating, and creating solutions for a superior and technologically efficient workforce.

OUR GREEN CHAMPIONS WIN 4 AWARDS AT CII WORLD ENVIRONMENT DAY COMPETITION 2021

EXCELLENCE

Hindustan Zinc believes in innovating for a sustainable future and true to its philosophy, the company has won four awards during CII World Environment Day 2021. Among 52 companies who participated across India, 15 were recognized as 'Excellent' and two units were from Hindustan Zinc.

Rajpura Dariba Mine (RDM) and Chanderiya Lead Zinc Smelter (CLZS) of Hindustan Zinc won the 'Excellent' award each in the category of 'Case Study - Recognition for ecological restoration by companies' for the projects - Development of Biodiversity Park at RDM and Waste Disposal Site Remediation-Restoration of Jarofix Waste Yard at CLZS.

Hindustan Zinc's oxygen bottling plant in Rajasthan over 10K cylinders

Vedanta group firm Hindustan Zinc Ltd (HZL) on Friday said it has dedicated its entire supply of oxygen from its plant in Rajasmand for the fight against the Covid-19 pandemic in Rajasthan.

Hindustan Zinc: A virtual evening with employees to spread smiles

by India CSR Network — June 2, 2021 Reading Time: 3 mins read

Arun Misra
CEO
Hindustan Zinc

At Hindustan Zinc, people are at the heart of operations and are one of the most important assets that constitutes the organization. During these distressed times, when people are struggling with the circumstances at personal level, the company has ensured to support them by providing best medical facilities, flexible work cultures, term insurance policy and vaccination to keep them safe.

Now one more dimension has been added to the effort where Hindustan Zinc exemplified the value of HZL Cares and organized a one of its kind virtual cultural program for employees & their families.

With the lockdown forcing employees to work from home, there had to be a way to bring back the office teatime chit chat and those evening gossip sessions. The objective of this unique cultural evening was to bring joy, sharing good memories and lot of informal bonding time with each other virtually. This 2-hour program witnessed mesmerizing performances from employees of all age groups showcasing their talent and entertaining fellow colleagues.

FROM THE EDITOR'S DESK

Dear Readers,

It gives me immense pleasure and pride to share this edition with you that is centred around our core guiding principle of 'Caring'.

Being committed to giving back and caring for our environment and people is not just a statement but a promise, a habit that I see everyone practice at Hindustan Zinc in everything we do across locations, cadres and functions. It is this collective commitment that is our big step to making a difference.

Our green initiative of Zinc Eco-buddies is a great way to be a part of restoring the much needed ecological balance and being a change maker for a greener future.

So go ahead - Register. Click. Plant.

Let us continue to make compassion & caring for our People & Planet a big part of all that we do.

Warm Regards,
Dipti Agrawal,
Head - Corporate Communications
